Hi Anna,

We'd like your comments on the draft status report by June 4<sup>th</sup>. EPA would like to receive the letters from MDE and DOEE requesting EPA to establish the TMDL by June 22<sup>nd</sup> at the latest. We plan to send the draft status report to the Courts by July 2<sup>nd</sup>, but as you know, these things run through a large concurrence chain, so we'd like to finalize ASAP and then only tweak if needed.

Let me know if you have any other questions. Thank you!

Hi Jillian -

I've emailed and called Jennifer regarding this question and have gotten no response. Would you be able to answer this?

Thanks,

Anna

Hi Jennifer -

We are wondering if we need to provide comments on your draft by June 4 or if we need to send the letter requesting EPA establish the TMDL by that date? Also, when do you plan to send the letter to EPA? By July 2 or much earlier?

Thanks,

Anna

Hi Everyone,

Thank you for attending the call on May 9<sup>th</sup>. As part of the next steps, I'm forwarding the draft status report due July 2, 2018 per the court's March 30, 2018 order. Please review the draft status report and send comments by **COB Monday June 4, 2018**. As discussed on the call, I'm also forwarding letters from states requesting EPA to establish a bacteria TMDL for the Ohio River. These can be used as examples for Maryland and the District to consider in preparing letters requesting EPA to establish the revised Anacostia River Trash TMDL. We can schedule a conference call to discuss further if needed. Please let me know if there are any questions or if additional time is needed. Thanks, Jen
